4 – POST PLATFORM LIFTS 17.5 & 25 TONNE With 10.0m PLATFORM LENGTH

For all those ultra heavy duty jobs. The Stertil-Koni Ultra 4-Post platform lifts, with their unique crossbeam-free construction, allow for maximum height lifting. The minimal amount of moving parts mean these four-post lifts require less service and repair maintenance than most conventional platform lifts. These are truly economical heavy weight lifters.
